She got to work scraping down the inner wall of the house, readying it to plaster. But before the sun was in the windows, there was a knock at her open door. Outside was the man she had thought was a gardener, the Master Herbal, looking solid and stolid, like a brown ox, beside the gaunt, grim-faced old Namer. It was milk after all. At this time of day, in such circumstances! My surprise was such that they were true wizardry or mere witchery, as they said on Roke. Matters he certainly had never. A quarrel between brothers over their inheritance divided them. One heir mismanaged his estate through greed, the other through foolishness. One had a daughter who married a merchant and tried to run her estate from the city, the other had a son whose sons quarrelled again, redividing the divided land. By the time the girl called Dragonfly was born, the domain of Iria, though still one of the loveliest regions of hill and field and meadow in all Earthsea, was a battleground of feuds and litigations. Farmlands went to weeds, farmsteads went unroofed, milking sheds stood unused, and shepherds followed their flocks over the mountain to better pastures. The old house that had been the centre of the domain was half in ruins on its hill among the oaks. She pondered - conversation with her was often a slow business - and said, "Rose always said I had. He did not ask if Otter was picking up any sign of the ore; he did not ask whether he was seeking the ore or pretending to seek it. Otter himself could not have answered the question. In these aimless wanderings the knowledge of the underground would enter him as it used to do, and he would try to close himself off to it. "I will not work in the service of evil!" he told himself. Then the summer air and light would soften him, and his tough, bare soles would feel the dry grass under them, and he would know that under the roots of the grass a stream crept through dark earth, seeping over a wide ledge of rock layered with sheets of mica, and under that ledge was a cavern, and in its walls were thin, crimson, crumbling beds of cinnabar... He made no sign. He thought that maybe the map of the earth underfoot that was forming in his mind could be put to some good use, if he could find how to do it. He had given her a little warmth when she was cold. He had nothing else to give her. Where she. The spoken name of a True Rune may be the word it signifies in the Old Speech, or it may be one of. He nodded. "Left myself halfway," he said. He looked up; the Patterner was coming towards them. "What all the students do. Live alone in a stone cell and learn to be wise! It might not be what you dream it to be, but that, too, you'd learn." So the pattern of the years was set for Tern. In the late spring he would go out in Hopeful, seeking and finding people for the school on Roke - children and young people, mostly, who had a gift of magic, and sometimes grown men or women. Most of the children were poor, and though he took none against their will, their parents or masters seldom knew the truth: Tern was a fisherman wanting a boy to work on his boat, or a girl to train in the weaving sheds, or he was buying slaves for his lord on another island. If they sent a child with him to give it opportunity, or sold a child out of poverty to work for him, he paid them in true ivory; if they sold a child to him as a slave, he paid them in gold, and was gone by the next day, when the gold turned back into cow dung. On Roke Island? Might he (as that uncle had done) gain glory for his family and dominion over lord. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (74 of 111) [2/5/2004 12:33:31 AM]. about Silence. I should send for him ... send to him ... No. What did Ard say? Find the center. Oh, it's time, and past time. We must deliver the King. We must find the great lode. It is here; there is no doubt of that: "The womb of the Mother lies under Samory." She got to work scraping down the inner wall of the house, readying it to plaster. But before the scrubby grass that had been green that day were dun and dry, and the wind rattled the last leaves. As she blew out the lamp and got into bed, the witch's daughter heard an owl calling, the little, liquid hu-hu-hu-hu that made people call them laughing owls. She heard it with a mournful heart. That had been their signal, summer nights, when they sneaked out to meet in the willow grove down on the banks of the Amia, when everybody else was sleeping. She would not think of him at night. Back in the winter she had sent to him night after night. She had learned her mother's spell of sending, and knew that it was a true spell. She had sent him her touch, her voice saying his name, again and again. She had met a wall of air and silence. She touched nothing. He would not hear. master again, if you will. "Your dad says not." "I've often wondered why I let the boy in," said the Doorkeeper. "Now I begin to understand." "Why are we wasting time here?" he demanded, as Tern let the bucket down into the well. "Are you." "So though there were men among us we were the women of the Hand," said Ember. III. Azver. She lay awake in the little house, feeling the air stifling and the ceiling pressing down on her, then slept suddenly and deeply. She woke as suddenly when the east was just getting light. She went to the door to see what she loved best to see, the sky before sunrise. Looking down from it she saw Azver the Patterner rolled up in his grey cloak, sound asleep on the ground before her doorstep. She withdrew noiselessly into the house. In a little while she saw him going back to his woods, walking a bit stiffly and scratching his head as he went, as people do when half awake. Gelluk was sure that without him Losen's rubbishy kingdom would soon collapse and some enemy mage would rub out its king with half a spell. But he let Losen act the master. The pirate was a convenience to the wizard, who had got used to having his wants provided, his time free, and an endless supply of slaves for his needs and experiments. It was easy to keep up the protections he had laid on Losen's person and expeditions and forays, the prisoning spells he had laid on the places slaves worked or treasures were kept. Making those spells had been a different matter, a long hard work. But they were in place now, and there wasn't a wizard in all Havnor who could undo them. then. an illuminated walkway. I took it.
