It was very still and warm in the late dusk, only the largest stars burning through a milky overcast. She slipped off her sandals and put her feet in the water. It was cool, but veins of sunwarmth ran through it. She slid out of her clothes, the man's breeches and shirt that were all she had, and slipped naked into the water, feeling the push and stir of the current all along her body. She had never swum in the streams at Iria, and she had hated the sea, heaving grey and cold, but this quick water pleased her, tonight. For the first time, Medra was given a vision of magic not as a set of strange gifts and reasonless acts, but as an art and a craft, which could be known truly with long study and used rightly after long practice, though even then it would never lose its strangeness. They welcomed him with disbelieving joy. Not knowing Hound's connection with the warlord and his wizard,

they treated him as one of themselves, the good man who had found poor Otter half dead in the forest and brought him home. A wise man, said Otter's mother Rose, surely a wise man. Nothing was too good for such a man.. "In six minutes. Would you care for something to eat? There is no need to hurry. You can. but very amusing. Outside the gleam of werelight it was dark.. summer nights, She asked him where the food they ate came from; what the School did not supply for. "He has the advantage," Azver said, very dry.. "But," said Dragonfly and stopped, caught by the argument. After a while she said, "So a name has to be a gift?". Next day he had Licky send him the boy. He looked forward to seeing him, to being kind to him, teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk was fond of children and animals. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and prentice. But prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true name. There were various ways of doing it, but the simplest, since the boy was already under his control, was to ask him. "What is your name?" he said, watching Otter intently.. He had half-consciously dreaded that Diamond would triumph over him, asserting his power right away -- that mysterious, dangerous, incalculable power against which Golden's wealth and mastery and dignity shrank to impotence.. bracelets and bangles that flashed and crashed when she flicked out an impatient spell. "Maybe things are, for women. But I... I can't be double-hearted.".. the Doorkeeper spoke to. She saw the man's face change, saw his eyes shift to her in a brief, head, and saw the glow of the city on the clouds. I was surprised, for I had thought that I was.. And Early had a good chance of tracing him. Losen's power stretched all across Havnor and the.. to practice and lead to no good thing.. Tell him what he sees, Anieb whispered in Otter's mind, and he spoke: "A stream runs through." "Why don't you sit down?". There was the silence. Then a fish leapt from the black, shaking water, a white-grey fish the length of his hand, and as it leapt it cried out in a small, clear voice, in that same language, "Yaved!". His father had named him Banner of War. He had come west, leaving all he knew behind him, and had learned his true name from the trees of the Immanent Grove, and become the Patterner of Roke, All this year the patterns of the shadows and the branches and the roots, all the silent language of his forest, had spoken of destruction, of transgression, of all things changed. Now it was upon them, he knew. It had come with her.. The king left soon after, and the Master Windkey went with him. "But do you know what the leader of an army is, in my tongue?". Mostly the pupil was supposed to be with the Master, or studying the lists of names in the room where the lorebooks and wordbooks were, or asleep. Hemlock was a stickler for early abed and early afoot. But now and then Diamond had an hour or two free. He always went down to the docks and sat on a pierside or a waterstair and thought about Darkrose. As soon as he was out of the house and away from Master Hemlock, he began to think about Darkrose, and went on thinking about her and very little else. It surprised him a little. He thought he ought to be homesick, to think about his mother. He did think about his mother quite often, and often was homesick, lying on his cot in his bare and narrow little room after a scanty supper of cold pea-porridge -- for this wizard, at least, did not live in such luxury as Golden had imagined. Diamond never thought about Darkrose, nights. He thought of his mother, or of sunny rooms and hot food, or a tune would come into his head and he would practice it mentally on the harp in his mind, and so drift off to sleep. Darkrose would come to his mind only when he was down at the docks, staring out at the water of the harbor, the piers, the fishing boats, only when he was outdoors and away from Hemlock and his house.. was put into the bank in my name -- I don't even know how much there is.
